The project includes all required elements as well as additional information.	All required elements are included in the project.	All but a few of the required elements are included in the project.	Many of the required elements are missing.		
The presentation includes all required elements. Additional design elements that enhance the understanding are included.	The presentation is visually clear with all required elements present.	The presentation is pretty clear or missing some elements. Some elements are missing or distract from presentation.	The presentation is not very clear or creative or is missing many elements.		
The handout includes all required elements. Additional design elements that enhance the understanding are included.	The handout is visually clear with all required elements present.	The handout is pretty clear or missing some elements.	The handoutis not very clear or creative or is missing many elements.		
The analysis answers all questions. Reflections are well-thought out and ideas are organized. Additional thoughts are included.	The analysis answers all questions in a clear and organized way.	The analysis is pretty clear or missing some elements.	The analysisis not very clear, neat, or did not answer all required questions.		
90-100% of the calculations have no mathematical errors.	Almost all (85-90%) of the calculations have no mathematical errors.	Most (75-84%) of the calculations have no mathematical errors.	More than 25% of the calculations have mathematical errors.		
The work is presented in a neat, clear, organized fashion that is easy to read. Elements are exceptionally attractive.	The work is presented in a neat and organized fashion that is usually easy to read. Elements are attractive in design.	The work is presented in an organized fashion but may be hard to follow at times. Some elements may be a bit messy.	The work appears sloppy and unorganized. It is hard to know what information goes together. Display is distractingly messy.		
Developed own ideas. Worked independently throughout the project and used class time effectively. Work shows an extra effort that goes wll beyond what is needed to get by.	Needed some assistance in developing own ideas but worked independently to complete project and used class time well. Entry satisfies the basic requirements of the task.	and developing ideas. Unable to carry out plan without	Did not come up with an original idea. Needed frequent assistance in completing project or did not work in class. Entry shows lack of understanding for the task.		
	The project includes all required elements as well as additional information. The presentation includes all required elements. Additional design elements that enhance the understanding are included. The handout includes all required elements. Additional design elements that enhance the understanding are included. The analysis answers all questions. Reflections are well-thought out and ideas are organized. Additional thoughts are included. 90-100% of the calculations have no mathematical errors.
